

**Kyrene Parent Network  
April 17 Meeting Highlights  
Special Guest: Onnie Shekerjian**

Kyrene Parent Network was honored to have Tempe Councilwoman, Onnie Shekerjian as our guest at our April meeting.

Over the years, Councilwoman Shekerjian has served on many different educational committees at the school level, district level, and state level. With her tireless commitment to quality education for every child, she has taken on the leadership role for the Education and Technology Advancement Committee for the City of Tempe.

Two major goals of this committee are to encourage partnerships between all educational entities and Tempe and to assist in the development of life-long learning opportunities, like the new International Baccalaureate Program that will be offered at Tempe High School.

We think all these objectives are so interesting and important, we will send you a copy via email. If you have a moment, take a look and see what you think.

It is evident that Councilwoman Shekerjian has confidence in the overall goals of Tempe, especially those revolving around education, and she works diligently to find ways to accomplish them.

If you have questions for Onnie Shekerjian, her email is:
